Performance Review

Sugar Division

The crushing season 2014-15 commenced on December 8, 2014 and upto December 31, 2014, 183,585 M. Tons of sugarcane was crushed with average sucrose recovery of 9.39% and sugar production of 17,239 M.Tons including sugar in process as compared with crushing of 333,364 M. Tons with average sucrose recovery of 9.46% and sugar production of 31,511 M. Tons during the corresponding quarter of the previous year.

The crushing season 2014-15 has been so far extremely difficult and uncertain. The Government of Sindh on November 7, 2014 issued notification fixing the minimum support price of sugarcane at Rs.182 per 40 kgs as compared with Rs.172 per 40 kgs for the crushing season 2013-14. The Government of Sindh also specified November 14, 2014 as the commencement date for the crushing season 2014-15.

The minimum support price of sugarcane notified by the Government of Sindh in relation to prevailing sugar prices both in domestic and international markets was totally unjustified and unreasonable for the sugar industry. Keeping this in mind, the company alongwith other members of the sugar industry filed a Constitutional Petition before the Honourable High Court of Sindh praying that the price of sugar be fixed in relation to the minimum sugarcane price failing which the sugar mills would be forced to shut down the operations.

Representations were also made to Government of Sindh through Pakistan Sugar Mills Association to reconsider the minimum support price of sugarcane and make it commensurate with the prevailing sugar prices in domestic and international markets. Realizing the difficulties faced by the sugar industry, the Sindh Government was pleased to revise the interim price of sugarcane downward to a level of Rs.155 per 40 kgs till such time the matter be decided finally on the outcome of the Court decision and subsidies decided by the government. In pursuance of above relief, the company alongwith other members of the sugar industry commenced the crushing from December 8, 2014. The Government of Sindh subsequently issued another notification on December 9, 2014 withdrawing the rate of Rs.155 and re-instated the earlier rate of Rs.182 per 40 kgs. This notification was also challenged by the mills before the Honourable High Court of Sindh.

The Honourable High Court of Sindh decided the above petitions against the mills and dismissed the same without giving any relief to the mills. Against the above decisions of the Honourable High Court of Sindh, an appeal has been filed before the Honourable Supreme Court of Pakistan which is pending adjudication.

We understand that during the court proceedings the Advocate General on behalf of government of Sindh suggested that the minimum price of sugarcane may be fixed somewhere between Rs. 168 and Rs. 170 down from its current price of Rs. 182 per 40kgs provided that the sugar mills and growers agreed upon it. We further understand that the Apex Court has directed the millers and growers to submit the outcome of the meeting before the court by the second week of February.

The Economic Co-ordination Committee of the Cabinet in their meeting held on December 24, 2014 have announced relief package for the sugar industry and allowed export of 650,000 M. Tons of sugar and announced inland freight subsidy of Rs. 2 / kg and cash subsidy of Rs. 8 / kg on sugar exports. However, so far the government has not yet issued any notification in this regard.

In the light of the foregoing and in view of the continued slump in sugar prices both in domestic and international markets, the situation remains uncertain for the sugar industry. It is imperative that the authorities should consider the same in a favourable manner and decide the issue in the larger interest of all the stakeholders.

The sugar division recorded operating loss of Rs. 66.10 million as against operating profit of Rs. 3.34 million during the corresponding quarter of the previous year. The operating loss was due to increased cost of production on account of higher sugarcane price, fixed overheads for the whole quarter charged to cost of production and reduced crushing and sugar production due to late start of crushing operations for the reasons enumerated above.

Distillery Division

Due to late availability of molasses, the division commenced its operation on December 8, 2014 and upto December 31, 2014 produced 3,881 M. Tons of ethanol as compared with 5,078 M. Tons during the corresponding period of the previous year. By the Grace of Allah, the division continues to operate satisfactorily and earned operating profit of Rs.45.44 million as compared with Rs.33.21 million during the corresponding quarter of previous year.

The liquidified carbon dioxide (CO₂) unit also operated satisfactorily and produced 1,370 M. Tons as compared with 1,529 M. Tons during the corresponding period of the previous year. The operating profit earned by the unit is included in the profit of the division.

Textile Division

The division earned profit of Rs. 5.38 million during the quarter under review, as against Rs. 5.13 million during the corresponding period of previous year.

Trading Division

During the period under review, the division made operating profit of Rs. 13.57 million on account of trading of molasses.

General

The Directors are pleased to place on record their appreciation of the devoted and dedicated services of the officers, staff and workers of the Company.

9.1.2 During 2009-10, the Company received a show cause notice from Competition Commission of Pakistan (CCP) under the Competition Ordinance, 2009 for alleged violation of certain provisions of the Ordinance. The Company alongwith other sugar mills filed a Constitutional Petition before the Honourable High Court of Sindh challenging the Ordinance. The Honourable High Court of Sindh, granted stay and restrained the Commission not to pass final order in respect of the show cause notice. The CCP filed an appeal before the Honourable Supreme Court of Pakistan which was disposed off by the Honourable Supreme Court based on the grounds that the matter was pending before the Honourable High Courts of Sindh and Lahore.

The Competition Ordinance of 2009 was repealed on March 25, 2010 and thereafter a new Ordinance, 2010 was promulgated which also stood repealed on August 15, 2010. The Parliament thereafter enacted the Competition Act, 2010 (ACT XIX of 2010). The Company filed amended application in view of the promulgation of the Competition Act 2010 which was accepted by the Honourable High Court of Sindh, with the consent of both the parties.

The petitions were last fixed for hearing on November 20, 2014 however, the case was not taken up for hearing. The Competition Commission of Pakistan has not imposed any fine / penalty against the alleged violation of any provisions of the Competition Act 2010.

9.1.3 During the year 2009-10 the Company alongwith other sugar mills filed a Constitutional Petition before the Honourable High Court of Sindh against Pakistan Standards and Quality Control Authority - PSQCA challenging the notifications issued in respect of registration of the Standard Mark for refined sugar manufactured and sold by the Company and levy of marking fee at the rate of 0.1% of ex-factory price of sugar sold with effect from January 1, 2009.

On December 4, 2012 the Honourable High Court of Sindh decided the case in favour of the Company. Against the above order, PSQCA filed an appeal before the Honourable Supreme Court of Pakistan. On November 25, 2013 the Honourable Supreme Court of Pakistan passed an interim order against PSQCA restraining them from demanding any marks of licensing fee from the sugar mills till further order and the case was adjourned to date in office.

According to the advice of legal counsel, the Company is of the view that the demand raised is without any lawful authority and is in violation of the Constitution, hence, no provision is made in this regard.

9.1.4 Under the Gas Infrastructure Development Cess Act, 2011, the Government of Pakistan levied Gas Infrastructure Development (GID) Cess on gas bills at the rate of Rs. 13 / MMBTU on all Industrial consumers. In June 2012, the Federal Govt. revised the rate of GID Cess from Rs. 13 / MMBTU to Rs. 100 / MMBTU which was challenged by the Company and an interim stay was granted by the Honourable High Court of Sindh. On September 7, 2012 the Federal Govt. revised downward the rate of GID Cess from Rs. 100 / MMBTU to Rs. 50 / MMBTU and accordingly the prayer clause of the suit was amended.

On June 13, 2013 in similar cases the Honourable High Court of Peshawar in its judgement held that GIDC is a fee and cannot be introduced through Money Bill and accordingly declared the levy of Cess unconstitutional. Against the above order the Government filed appeal before the Honourable Supreme Court of Pakistan. The Apex Court vide its judgement dated August 22, 2014 held that the cess was unconstitutional and the appeals filed were accordingly dismissed. Against the said judgement, the Government filed a review petition which is pending for adjudication.

The Federal Govt. vide Finance Act, 2014 again revised the rate of GID Cess from Rs.50 / MMBTU to Rs. 150 / MMBTU which was again challenged by the Company and an interim stay was granted by the Honourable High Court of Sindh.

Subsequently in September 2014, GIDC Ordinance 2014 was promulgated and the rate of Cess was fixed at Rs. 150 / MMBTU. This was again challenged and the Honourable High Court of Sindh vide its Order dated October 1, 2014 granted interim stay restraining the SSGC from raising any demand in pursuant to the said Ordinance. The case was lastly fixed for hearing on December 16, 2014 but did not proceed and was adjourned to date in office.

The financial exposure of the Company under the suit upto December 31, 2014 is Rs. 56.84 (September 30, 2014: Rs.46.38) million. In view of the advice of legal counsel, the Company is confident of a favourable outcome and accordingly no provision has been made in these financial statements.

9.1.5 Appeals filed by the Tax authorities for the Tax years 1998, 2001 and 2002 against decisions of the Income Tax Appellate Tribunal (ITAT) in favour of the Company are pending before the Honourable High Court of Sindh. The tax exposure against these appeals in aggregate amounts to Rs. 14.6 million. During the period, appeals were fixed for hearing on various dates and were adjourned to date in office. In view of the advice of legal counsel, the Company is confident of a favourable outcome and accordingly no provision has been made in these financial statements.

9.1.6 The Company has filed a petition before the Honourable High Court of Sindh challenging the increase in market committee fee from Rs.5 / ton to Rs.10 / ton on sugarcane purchased by the Company. The Honourable High Court of Sindh has granted status quo and no hearing took place during the period. As a matter of prudence, full provision has been made in these financial statements.

9.1.7 The tax authorities increased the rate of Special Excise Duty from 1% to 2.5% for the period from November 7, 2007 to June 30, 2011. The Company disputed the above increase as the levy was without jurisdiction, illegal and unconstitutional. The Company along with other petitioners filed a petition before the Honourable High Court of Sindh challenging the vires of Section 3A of the Federal Excise Act 2005 & SRO 655(1)/2007 with respect to the imposition and increase in rate of Special Excise Duty.

On February 22, 2013 the Honourable High Court of Sindh decided the case in favour of the Company and suspended the above SRO directing the revenue authorities to refund the amount collected by direct repayment or adjustment against any tax or duty.
